## Increase Developer Velocity with Microsoft Tools and Cloud

● **Twitter: @erikaehrli1**

## Erika Ehrli

Director of Product Marketing, Microsoft Azure

Erika works at Microsoft and she is focused on [Application Development with Azure](#).

Erika and her team create technical content, demos, customer stories, messaging, and keynote narratives to showcase the latest Microsoft product announcements that help every developer build end-to-end applications with Visual Studio, GitHub, and Azure.

Erika and her team also lead the Thought Leadership GTM for [Developer Velocity](#) which highlights how critical it is for every organization to empower developer teams.

A woman wearing a VR headset is seen from behind, looking at a server rack filled with colorful cables. To her right, a large screen displays a video call with another woman. The scene is dimly lit, with the primary light source being the server rack and the screen. The text "Scale innovation" is overlaid in the center in a large, white, sans-serif font.
